

Tool Box Talk / Brown Bag Workshops

Event: World Women's Day
08 March 2018

Six Butterflies

We see sustainability as an environmental, social but above all business imperative - a 'must have' component of any organisation that wishes to attract the best customers, investment and employees

It is a platform to drive improvements to their reputations, their communities, their bottom line and the well-being of their workforce.

As such we want to work only with organisations and people willing to build brands with a genuine sustainability purpose.

INTERNATIONAL WOMEN'S DAY 2018 CAMPAIGN THEME: #PRESSFORPROGRESS

- With the World Economic Forum's 2017 Global Gender Gap Report findings telling us that gender parity is over 200 years away - there has never been a more important time to keep motivated and #PressforProgress.
- Now, more than ever, there's a strong call-to-action to press forward and progress gender parity. A strong call to motivate and unite friends, colleagues and whole communities to think, act and be gender inclusive.
- International Women's Day is not country, group or organisation specific. The day belongs to all groups collectively everywhere. So together, let's all be tenacious in accelerating gender parity.
